

Tecumseh Options

760 Brown Street Tecumseh MI 49286-1399

Mr. Griff Mills, Principal
Mrs. Angel Mensing, Assistant Principal
Mr. Greg Dolson, Learning Facilitator

March 10, 2017

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for Tecumseh Options. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Griff Mills for assistance.

The AER is available for you to review electronically by visiting the [Tecumseh Public Schools website](#) or you may review a copy in the main office at your child's school.

For the 2015-16 year, no new Priority or Focus schools were named; some Priority or Focus schools did exit their status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases no label is given. Our school was not been given one of these labels.

Process for Assigning Pupils to the School

The Tecumseh Options program is a "seat time waiver" program that our students perform the majority of their work online at home. The Student Service Team assigns students to the appropriate courses based on a number of variables including their Four-Year Educational Development Plan (EDP), course selections meetings (with student and parent input), prerequisite course work, achievement and attendance data, teacher recommendation, student needs, and available space. Students may be denied course enrollment due to a lack of available space or the need to pass prerequisites. Schedules are provided to each student prior to school or upon enrollment. Students may request a change of schedule in writing through the guidance website. Given the time and input provided in the development of each student's schedule, we rarely make course changes unless a student is inappropriately placed in a course, where s/he has not fulfilled the prerequisite credit, has an incomplete schedule, or is scheduled into a course where s/he has previously earned credit. In addition, we typically do not accept student/parent requests for changes that reduce the rigor of a student's schedule, switch class periods, or rearrange their classes to be with friends or a specific teacher. Any questions or concerns about a student's schedule should be discussed with their counselor and/or an administrator

School Improvement Planning Cycle

Our school improvement plan includes three goals with many activities that support student learning at Tecumseh Options. Our staff is challenged to support our students as they move forward in the program and closer to graduation. Professional development opportunities for staff are focused on these core areas. Goals are updated each year. This year we focused on the following goals:

- All students in the Tecumseh Options will complete their EDP.
- All students in Tecumseh Options will demonstrate progress towards graduation.
- Tecumseh Options enrollment will increase.

We appreciate the continued support of parents, staff and our community in this effort. If you would like to become more involved, please contact Mr. Mills for possibilities.

2015-16 Specialized Schools Annual Report

The students of Tecumseh Options receive special education services through the Lenawee Intermediate School District (LISD). In addition to the specialized schools, students receive diagnostic testing, school psychology, school social work, physical and occupational therapy, career technical education, special needs training and speech pathology services.

The Lenawee Intermediate School District provides educational services to students from birth through age 26 who have severe handicaps. Students with severe physical, mental, emotional or sensory impairments may receive their educational program at a classroom operated by the LISD. 163 students from Tecumseh Public Schools attended LISD classroom programs during the 2015-16 school year.

The LISD operates the Laura Haviland Program for elementary, middle and high school students with severe emotional and behavioral impairments. Students from Tecumseh Public Schools attended Laura Haviland during the 2015-16 school year.

In cooperation with the Lenawee County Probate Court, the LISD operates the juvenile education program housed at the Maurice Spear Campus.

LISD operates special education classrooms in local districts including classrooms for students with physical or other health impairments and hearing impairments in Madison; and classrooms for students with cognitive impairments in Tecumseh and Adrian. 16 students from Tecumseh Public Schools attended these programs during the 2015-16 school year.

The LISD PREP Academy provides educational programs for teen parents from Lenawee County. During the student's instructional program, childcare support is provided. Students from Tecumseh Public Schools attended the LISD PREP Academy during the 2015-16 school year.

The LISD TECH Center offers career technical education programs for high school juniors and seniors. 127 students from (Name of School District) attended the LISD TECH Center or participated in the co-op/work experience program during 2015-16. This equals 21% of the junior and senior population for this school district.

The most recent follow-up of LISD TECH Center students (a 2015 study of 2014 graduates) showed 71.1% were continuing their education. Of those continuing their education, 71.3% were continuing in a field related to their LISD TECH Center program. In addition, 89.4% were working (full-time or part-time) with 7.6% reporting they were seeking employment. Of those working full-time, 71.4% were in a field related to their LISD TECH Center program.

Curriculum

The curriculum at Tecumseh Options is built upon the Common Core State Standards (CCSS) and Michigan High School Content Expectations (HSCE's) as created through online curriculum providers including GradPoint, Edgenuity and Michigan Virtual High School. In addition to comprehensive core courses, our online curriculum offers a wide variety of high school electives from various fields including AP courses. The Tecumseh Options Staff is composed of highly qualified teachers in math, social studies, science, business education, and special education. Tecumseh Options also has a dedicated counselor, graduation coach, instructional assistant and lead learning facilitator to support all of our students. Students are assessed through common assessments built into the online curriculum, NWEA, PSAT and SAT.

Student Achievement Data

There is no student data available at this time as seen through mischooldata.com.

Dual Enrollment Courses

There were no dual enrollment courses taken in the 2015-16 academic year.

AP Courses

There were no AP courses taken in the 2015-16 academic year.

Parent-Teacher Conference Attendance

Tecumseh Options families do their best in attending parent-teacher conferences. We understand that at times there are difficulties and interferences that can stand in the way of attending conferences. Our staff has made efforts beyond the scheduled conference times to help meet our parents' needs when they are unable to attend. Telephone conversations, e-mailing, and rescheduling meetings have all helped in our attendance for these events.

Tecumseh Options in conjunction with Tecumseh High School had a 55% attendance rate in the fall of 2015 and a 37% attendance rate in the spring of 2016.

Thank you once again for a very successful school year. It is a pleasure working with the students, staff and parents at Tecumseh Options. We look forward to strengthening our program and welcome your involvement.

Sincerely,

Griff E. Mills
Principal
Tecumseh Options
